DEAR FRIENDS,

I just returned from the Keep America Beautiful State Leaders Council Meeting in southern California. It was a whirlwind of a trip! It was great to listen, learn, and share with state leaders from across the country and exchange ideas with Keep America Beautiful CEO Matt McKenna, COO, Becky Lyons, and others from the senior staff of Keep America Beautiful. Spending a few days with such an enthusiastic and accomplished group is really energizing and I am proud to represent Pennsylvania at the table.

We covered a lot of ground over just two days of meetings. We touched upon KAB's new branding strategy, we shared our experience in developing individual giving programs, how we work with different state agencies, and the list goes on. The time sharing our successes (and failures) is something I look forward to every year. This is the benefit of being part of something larger, a national network where while most everything is exciting, very few things are ever new. We can learn so much from our colleagues across the country and I am thrilled to bring this knowledge and expertise back to Pennsylvania as we work through our affiliate network, program partners, and tens of thousands of volunteers annually to keep Pennsylvania communities clean and beautiful!

Finally, as we go to print of this edition of Beautiful, we are finalizing the results of this year's Great American Cleanup. Yet again, Pennsylvania had an impressive showing with more than 4,400 events all across the state engaging 140,000 volunteers in community greening, beautification, and cleanups. Special thanks to the Department of Environmental Protection, Pennsylvania Waste Industries Association, and of course PennDOT and their Adopt-A-Highway Program for once again, making the Great American Cleanup of Pennsylvania one of the strongest programs in the nation!

Shannon Reiter, President

2012 GREAT AMERICAN CLEANUP OF PENNSYLVANIA

Thousands of groups and organizations came out again this past spring to participate in the 2012 Keep Pennsylvania Beautiful Great American Cleanup of PA. As in years past, every county in the Commonwealth hosted events to help clean and beautify their communities. Partnering organizations with the Keep Pennsylvania Beautiful Great American Cleanup of PA included PennDOT, Department of Environmental Protection, Pennsylvania Waste Industries Association, local landfills and Keep America Beautiful.

GROWTH THROUGH ENERGY AND COMMUNITY HEALTH

GTECH, a Pittsburgh based nonprofit, is growing the Green Economy by connecting people and institutions, increasing access to opportunity, and establishing a unique model for collaboration to build and strengthen a green workforce. GTECH partners with community organizations, service providers, and public agencies to develop and implement community-based projects that include vacant land management, green infrastructure, weatherization and retrofitting, deconstruction, residual waste reuse, and biofuel production. GTECH also provides development opportunities to the next generation of leaders focusing on how the green economy can fuel community development in local Pittsburgh neighborhoods. *To find out more go to www.gtechstrategies.org.*

Children join in the fun as Whole Foods announces a public waste oil collection station with GTECH's ReFuel Pittsburgh Program. #2 GTECH organizes supporters of "green jobs" in East Liberty to advocate for investments in the local economy.

AFFILIATES HOLD TIRE COLLECTIONS

Through grants from the United States Department of Agriculture Rural Utilities Services and the Pennsylvania Department of Environmental Protection Small Business/Household Hazardous Waste Program, several Keep Pennsylvania Beautiful affiliates have been able to hold tire collections at low costs for community residents. Affiliates in Cambria, McKean, and Washington counties have held collections this spring and summer, and affiliates in Cambria, Huntingdon, Juniata, Mifflin, and Perry counties plan to hold collections this fall. Thus far in the collections held, over 100 tons of tires (that's 10,000 tires!) have been collected and recycled.

KEEP PENNSYLVANIA BEAUTIFUL EXPANDS CLPP PROGRAM

Through the Cigarette Litter Prevention Program (CLPP), Keep Pennsylvania Beautiful documented a 28.5% reduction in cigarette litter at five PennDOT Welcome Centers. Building off of this success, Keep Pennsylvania Beautiful expanded the CLPP program to five additional PennDOT Welcome Centers located in Mercer, Washington, Greene, Fulton, and Franklin counties and, in partnership with the Department of Conservation and Natural Resources (DCNR), Pine Grove Furnace, Blue Knob, and Canoe Creek State Parks. In addition, Keep Huntingdon County Beautiful was awarded a \$1,000 grant to install five receptacles in two parks in Huntingdon Borough and distribute 600 portable ashtrays to park users and others in the area. **They have reported an 89% reduction in cigarette litter.** Westmoreland Cleanways also received a \$1,000 grant to install receptacles at the beach area of Keystone State Park and Twin Lakes Park, part of the Westmoreland County Bureau of parks. They are distributing pocket ashtrays as well. Other Pennsylvania organizations that received a CLPP grant include the Bay Harbor Marina, Erie Yacht Club, and Presque Isle Yacht Club, all in Erie County.

A smoker deposits her cigarette butt into the receptacle near the concession stand at the beach at Keystone State Park. Courtesy Eric Schmadel | Tribune-Review.

CHILDREN'S MUSEUM OUTDOOR CLASSROOM OPENS TO PUBLIC

Local school children and visitors at the North Side's Children's Museum of Pittsburgh can now learn about nature in an outdoor setting thanks to Keep Pennsylvania Beautiful, with support from Keep America Beautiful and Waste Management's Think Green Grant. The outdoor space includes miniature fruit trees, fruit-producing bushes, vegetables, and herbs that grow in several raised beds. Children can build with wooden blocks, play a giant wooden xylophone, roll down earth mounds, and play in a woven Basket Hut (pictured), a tepee-like structure built out of Norway maple, an invasive plant found at Frick Park. "The purpose of the children's museum is to inspire joy, creativity and curiosity. I really feel like we have accomplished our mission in this space," says Kimberly Bracken, the museum's youth and community programs coordinator.

School children engage in learning activities in a previously empty, unused space.

WEISHAMPLE HOLLOW ROAD BARRY TOWNSHIP, SCHUYLKILL COUNTY

On April 21, Keep Pennsylvania Beautiful and United By Blue organized the second cleanup event on Weishample Hollow Road in Barry Township, Schuylkill County. Last fall, over 950 tires were removed from the site and recycled. This spring 20 volunteers removed 9,260 pounds of trash and recycled 3,100 pounds of scrap metal. Tri-Valley High School students and teachers joined United By Blue volunteers and other local residents to sort through the concentrated debris separating trash, tires, and scrap metal. Partners included Waste Management of Camp Hill, CES Landfill (under the Great American Cleanup of PA's Let's Pick It Up PA Days), and Barry Township. Funding was provided by the Department of Conservation and Natural Resources, Bureau of Recreation and Conservation.

Weishample cleanup volunteers.

CHEVRON LENDS A HELPING HAND

Over 30 Chevron employees worked alongside county personnel, PA CleanWays of Fayette County, and Keep Pennsylvania Beautiful staff to improve and beautify Dunlap Creek Park in Uniontown on August 2nd. Volunteers renovated a pavilion, numerous picnic tables, a restroom facility, and a fire pit shelter by pulling hundreds of staples, repairing holes, painting, and staining and performed a general grounds litter pick-up. Park goers will enjoy the new, clean look of this picnic and recreation site alongside the lake.

Allegheny CleanWays partnered with Hollow Oak Land Trust to coordinate a trail improvement project, also on August 2. With the help of 35 Chevron employees, invasive plants were removed and a low-impact walking trail and drainage area was established along the Montour Trail in the Montour Woods and Meeks Run conservation districts in Moon Township.

Chevron employees at Dunlap Creek Park.

STATEWIDE SURVEYS NEARLY COMPLETE

Keep Pennsylvania Beautiful has released reports for 6 counties from their Illegal Dumpsite Survey Program this summer. The counties surveyed were Bradford, Carbon, Chester, Delaware, Montour, and Philadelphia. Keep Pennsylvania Beautiful has surveyed 61 counties, locating 6,244 dumpsites with a total estimated tonnage of 18,022.83. **The illegal dump surveys can be downloaded at <http://www.keeppabeautiful.org/IllegalDumpSurveys.aspx>.**

Funding for this latest round of surveys was provided through a grant from the Pennsylvania Department of Environmental Protection. In order to develop a comprehensive strategic plan to address illegal dumping including public policy, proper resource allocation, community education, and cleanup and abatement efforts, Keep Pennsylvania Beautiful embarked on a statewide illegal dump survey program in 2005. Keep Pennsylvania Beautiful believes that in order to truly address the root causes associated with illegal dumping, the problem needed to be better defined.

Illegal dumping opponents (from Left) Bradford County Commissioner, Daryl Miller, Asylum Township Supervisor, Lee Allyn, Bradford County Conservation District Manager, Mike Lovegreen, BCCD board member, Leslie Bresee, and Keep Pennsylvania Beautiful Program Manager, Todd Crouch stand at the site of an illegal dump along Tip Top Road in Asylum Township where Crouch and Lovegreen unveiled results of an extensive survey of such sites throughout Bradford County. Courtesy of Keeler Newspapers/Photo by Rick Hiduk.

Keep Pennsylvania Beautiful will complete surveying the Commonwealth by the summer of 2013 by surveying Lehigh, Northampton, Pike, Susquehanna, Wayne, and Wyoming counties.

COASTAL ZONE MANAGEMENT

SILVER LAKE NATURE CENTER, BUCKS COUNTY

Keep Pennsylvania Beautiful, Greenbelt Overhaul Alliance of Levittown, and Silver Lake Nature Center partnered for an event on Magnolia Lake and Silver Lake at Silver Lake County Park, a 460 acre park in southern Bucks County. This was the second year that the partnership worked together at this location. The cleanup resulted in the removal of 3,220 pounds of trash and 1,160 pounds of glass, plastic bottles, and cans, along with 50 tires – all recycled. The cleanup was funded by the Department of Environmental Protection – Coastal Resources Management.

Join the International Coastal Cleanup of 2012

September 15 is the focus day for this year's International Coastal Cleanup (ICC), but events can be coordinated from the end of August to the end of October. Keep Pennsylvania Beautiful will supply the gloves, trash bags, data cards and posters to promote your event. If you are interested in coordinating an ICC cleanup, please contact Michelle Dunn at 877-772-3673 ext. 113 or e-mail mdunn@keeppabeautiful.org. Funded by the Department of Environmental Protection and Department of Environmental Protection – Coastal Resources Management. **For more information, go to www.oceanconservancy.org.**

LITTER FREE SCHOOL ZONE - REPORT RESULTS FOR A CHANCE TO WIN!

Registered schools, who report to the Litter Free School Zone by December 15, will be entered into a drawing to receive one of six \$250 gift cards provided by Keep America Beautiful-UPS, and the Pennsylvania Food Merchants Association. **To make your school a Litter Free School Zone, a program designed to encourage students to keep their school grounds litter free, contact Sue Urchek at surchek@keeppabeautiful.org or 877-772-3673 ext. 106.**

Cambria Heights Elementary School in Cambria County is a Litter Free School Zone.

STRATEGIC PARTNERSHIP PROMOTES ADOPTION PROGRAM

Keep Pennsylvania Beautiful, Allegheny CleanWays, and Allegheny County recently entered into a collaborative effort to promote and carryout adoptions within Allegheny County. The program will follow existing Keep Pennsylvania Beautiful procedures and Keep Pennsylvania Beautiful will handle all aspects of administering the program. Allegheny CleanWays will provide technical assistance and supplies when requested, and Allegheny County will provide signs and installation. All parties will promote the program at conferences/venues where appropriate. This strategic partnership provides a working prototype for other local government agencies to emulate across Pennsylvania. **If your community is interested in a similar partnership, please contact Stephanie Larson at slarson@keeppabeautiful.org or 877-772-3673 ext. 104.**

PHILADELPHIA ENFORCEMENT FORUM

Through the Philadelphia Illegal Dump Survey, Keep Pennsylvania Beautiful identified 296 dumpsites with nearly 1,120,000 pounds of trash. What makes Philadelphia unique from other parts of the state with high dumping rates is that residents already have access to convenient and affordable trash disposal and recycling, yet dumping is still a problem. While there is no silver bullet to illegal dumping in any community, in instances such as this, community leaders need to hit multiple pressure points for change. These include strategic implementation of greening and beautification strategies, strong enforcement, deterrents, vacant building and lot management, public education, and of course building community stewardship at the ground level. All are critical components to a successful strategy to alleviate illegal dumping in urban areas. Shannon Reiter, President of Keep Pennsylvania Beautiful, and Phoebe Coles, Executive Director of Keep Philadelphia Beautiful, discussed the findings of the Philadelphia Illegal Dump Survey and recommendations for next steps with enforcement stakeholders and community members at PennFuture's Litter Control and Enforcement: A Stakeholder Discussion in Philadelphia on September 27.

SCHOLARSHIP AWARDED

Ashley Funk, age 18, from Mount Pleasant Area High School in Westmoreland County, was chosen as the 2012 Sue Wiseman Scholarship recipient. Ashley founded Pollution Patrol, a club of high school student volunteers who routinely clean up litter and illegal dumps in Mount Pleasant Borough and Township. Ashley worked to establish an effective recycling program at the Mount Pleasant Junior and Senior High Schools and assisted Mount Pleasant Borough with launching a curbside recycling program. In addition, Ashley has established partnerships throughout the community who support her efforts. Since August 2009, the club has collected 225 bags of trash, 54 bags of recyclables, and 115 tires from the streams, woods, and streets of the community. Ashley will be attending Wellesley College in the fall where she plans on double majoring in Environmental Studies and Political Science.

GRANTS & AWARDS IN PENNSYLVANIA

The Hill District Consensus Group accepted a \$5,000 Lowe's grant for vacant lot stabilization on behalf of Clean Green Hill. The focus areas of Middle Hill and Bedford Dwellings neighborhoods of Pittsburgh have been targeted for urban renewal. This project will provide new coalitions, job activities, community pride, and healing.

Intermunicipal Relations Committee received a \$5,000 Lowe's grant to enhance entire neighborhoods, particularly in densely populated areas near busy streets in Blair County. The project aims to plant trees and make other streetscape improvements.

ROUND II GREENWAYS MINI-GRANT WINNERS ANNOUNCED

Designed to provide community groups with project supplies for outdoor based work events within a Greenway, the program enables the renewal of Pennsylvania's Greenways in need into something beautiful. Support for this program is provided by the Community Conservation Partnership Program, Environmental Stewardship Fund, under the administration of the Pennsylvania Department of Conservation and Natural Resources, Bureau of Recreation and Conservation. This spring, the grant winners will transform their Greenways utilizing \$500 in project supplies with 100 percent match. "We are excited to collaborate with DCNR in offering Greenways Mini-Grants to organizations working to build clean and beautiful communities across the state," said Shannon Reiter, President of Keep Pennsylvania Beautiful. "Greenways are integral to healthy, livable communities, and we are grateful to have the opportunity to empower Pennsylvania with the tools and resources they need to enhance greenways in their communities." **Visit <http://keeppabeautiful.org/GrantsAwards/GreenwaysMiniGrant.aspx> to view winners.**

GREAT AMERICAN CLEANUP OF PENNSYLVANIA TROY BILT

Troy-Bilt, through Keep America Beautiful and the Great American Cleanup, generously donated 5 gas powered backpack blowers and 5 gas trimmers to participants in the Great American Cleanup of PA. Grateful recipients were Allentown, Clean Green Hill, Clean Pittsburgh Commission, Hill District, and Scott Township (Allegheny County), Lehigh Township (Carbon County), Elk Township (Clarion County), Friends of Swatara State Park (Dauphin County), and West End Regional Park (Monroe County).

Randy Lubin, Director of Public Services for Scott Township and Jane Sorcan, Earth Day Coordinator and volunteer accept a Troy-Bilt gas trimmer as part of the Great American Cleanup of Pennsylvania give-away.

KEEP LANCASTER COUNTY BEAUTIFUL PAYS IT FORWARD

Using the Great American Cleanup of Pennsylvania as a springboard, Keep Lancaster County Beautiful, in cooperation with East Wheatfield Township, coordinated a shredding event for township residents in April. The residents' fee for making sure their documents were safely and confidentially shredded and discarded? A donation to one of three previously chosen, local nonprofits: East Donegal-Conoy Christian Food Bank, Humane League of Lancaster County, and Second Chances Thrift Shop, First Presbyterian Church. In turn for the generous donations collected, representatives from the nonprofits volunteered their time to make sure the event was a success. And it was!

- 2,400 pounds of paper were shredded and recycled,
- 237 food items were given to the food bank,
- Shoe boxes, newspapers, cages, a pet carrier, pet food, pillows, blankets, towels and other items were delivered to the Humane League, and
- Second Chances Thrift Shop received several bags of clothing, shoes, accessories, and several boxes of household goods!

Humane League volunteers collect donations.

A TIRE-LESS MISSION

CLINTON COUNTY CLEANSCAPES

The nationally-recognized West Branch Susquehanna River Water Trail is a 228-mile long waterway that runs through the Allegheny Plateau and the north end of the Allegheny Ridge. Prior to contemporary federal and state waterway regulations, it was the depository for untreated industrial and human waste, and for man-made refuse, such as tires. In 2004 Clinton County CleanScapes began organizing annual summer community river cleanups in Clinton and Lycoming counties. In total, the half-day events have attracted 1,047 participants and have removed 2,983 tires and 68,000 pounds of man-made debris. This year's event took place on July 28. CleanScapes' goal is to remove 85% of all known tires and trash from the West Branch Susquehanna River from their service areas of Clinton and Lycoming counties. Knowing where the tires are and how to safely remove them requires months of detailed planning, financial support, and skilled partners, such as water safety captions, paddlers, and certified scuba divers, to guide the volunteers through the events. The physical act of removing debris from a waterway can be challenging. **CleanScapes welcomes interested parties to contact them for additional information at clintoncountycleanscapes@yahoo.com.**

Volunteers removed 4 tons of tires during the 9th annual West Branch Susquehanna River cleanup. Photo by J. Michael Mann

PA CLEANWAYS OF BLAIR COUNTY STEWARDS OF WERTZ ROAD

Keep Pennsylvania Beautiful and PA CleanWays of Blair County, and its dedicated volunteers, joined forces this spring to begin the removal of tons of illegally dumped trash and construction debris from Wertz Road in Woodbury Township. Wertz Road runs along the Ganister Blue Hole Quarry and has been the victim of illegal dumping for years. Together with local authorities, Keep Pennsylvania Beautiful and PA Cleanways of Blair County hope to stop the chronic dumping and return this rural roadway to a more natural environment. Funding provided by the Utilities Program - United States Department of Agriculture. **We are planning to return to Wertz Road in the fall to finish the project and would love to see you there! Look for event specifics at <http://keeppabeautiful.org/CalendarOfEvents.aspx>.**

KEEP CAMBRIA COUNTY BEAUTIFUL RESPONDS TO COMMUNITY NEEDS

Keep Cambria County Beautiful has been offering convenient, affordable disposal for hard to dispose of items to their residents for over a decade. Through the years the affiliate, who partners with the Cambria County Conservation District, has refined their special collections procedures and has been able to identify and meet the needs of their constituents. Each year, Keep Cambria County Beautiful holds up to six special collection events to encourage proper disposal of tires and both Freon and non-Freon containing appliances. This spring, a grant was received through the Department of Environmental Protection Hazardous Household Waste Collection Program, allowing the cost of tire disposal to be reduced to \$1.00 for off-rim tires and \$2.00 for on-rim tires. This resulted in an enormous increase in the amount of tires received. One family brought in over 800 tires!

Spring 2012 numbers: 2,936 tires and 98 appliances.

NOTEWORTHY

Keep Bedford County Beautiful was awarded \$10,000 from Recreation Equipment Incorporated (REI). The money will be used to fund an annual stream cleanup and develop a local tree bank.

Philadelphia Mayor, Michael A. Nutter congratulated **Carlton Williams**, Streets Department Deputy Commissioner and **Keep Philadelphia Beautiful** Board Member, as the recipient of the inaugural **Richardson Dilworth Award for Distinguished Public Service.**

Nicole Chandler, Keep Royal Gardens Beautiful Administrator, has been chosen to serve on the **Philadelphia Parks and Recreation Commission.** In this capacity, Nicole will provide recommendations to elected and appointed officials concerning the protection, preservation, and promotion of Philadelphia's historical, cultural, environmental, and recreational resources and programs.

Svenska Cellulosa Aktiebolaget (SCA) presented **Keep Royal Gardens Beautiful** with a grant for **\$2,500** to support their work of invasive plant and litter removal and native plantings. The local Philadelphia office of the global corporation has also donated staff time to the local affiliate.

Keep Royal Gardens Beautiful volunteers accept a check from SCA

KPB WELCOMES KEEP JUNIATA COUNTY BEAUTIFUL

Keep Pennsylvania Beautiful is pleased to welcome a new affiliate. Keep Juniata County Beautiful will be hosted by the Juniata County Conservation District. Terri Stark, their Watershed Specialist, will be the Affiliate Coordinator. The affiliate's first event will be to participate in the Tire War, a special collection competition against fellow affiliates in Huntingdon, Mifflin, and Perry counties on September 15th.
